

A company of **eclosia** Group

Created in 1994, FTL deals with the transport of goods internationally and offers tailor-made logistics solutions for all inbound and outbound air and sea cargo movement.

We are here to accompany your cargo through each and every step from origin to destination within the best timeframe through our accumulated expertise and experience whilst providing the visibility and necessary guidance.

Our Services

Sea freight | Air freight | Consolidation services
Clearing services | Project cargo management | Hotel logistics
projects | Perishable & dangerous cargo | Warehousing
Removals | Consultancy

We are your one-stop shop solution with our vertically integrated services.

- Freight, customs formalities, warehousing including container park, removals, project cargo.
- Handle all types of commodities (DGR, live animals).

Our key strengths:

- Weekly consolidations from France, Italy, Germany and South Africa.
- More than 2,000 origins and destinations around the world.
- Customised service & follow-up.

UP IN THE AIR!

Whenever it is sensitive or urgent, FTL's team bridges the gap between clients and suppliers by respecting the urgency of your needs to allow you to keep up with your business while keeping an eye on your shipment.

Our technical expertise and presence in extensive network ensures that your shipment will arrive at its destination on time anywhere in the world.

By combining air cargo and ocean freight solutions, you can find the right balance between cost and time – adding flexibility to your supply chain.

WE OFFER SOLUTIONS:

Chartering of aircraft | Abnormal cargo | Consolidation | Perishables (fresh, controlled temperature) | Live animals | Textiles
Valuable cargo | Sensitive cargo | Dangerous goods

SEA

IT FOR YOURSELF!

Our international sea freight is not as vast as the ocean but it has much to offer to make your shipping experience a remarkable one. From all types of containerised shipping and personalised roll-on/roll-off services, our experience and expertise has less to prove and more to show to you.

OUR IMPORT AND EXPORT SERVICES COMPRISE OF:

Import/export services for full-Container Loads (FCL) and groupage for smaller orders (LCL) from/to various destinations
Temperature-controlled goods requiring cold-chain monitoring | Dangerous cargo Heavy and abnormal cargo | Bulk cargo and project cargo

THE HARMONISED
PRODUCT CODING
SYSTEM HAS NO
NO SECRET FOR
US!

Be it for the classification of your goods or for any advice on import/export laws & regulations and on international trade agreements, our expert team will help you to overcome the most complex matters of trade compliance.

FTL CAN ASSIST YOU WITH:

Consultancy on laws and regulations | Classification of goods | Rates and calculation of duties and VAT | Import and export permits | Issuing of trade documents (EUR1, COMESA, SADC, GSP...) | Advice and assistance on controlled goods | Clearance of personal and household effects

NOTHING IS TOO

HEAVY

FOR US

Handling out-of-gauge commodities requires a very unique set of expertise. Based on 24 years of experience, FTL has gone through a vast range of projects and will happily put that at your disposal.

OUR PROPOSED SOLUTION IN THE OUT-OF-GAUGE PROJECT MANAGEMENT CONSISTS OF:

Feasibility Study | Project realisation | Legal and administrative support

YOU PRODUCE.

WE

DO THE REST.

OUR PRESENCE

As a logistics service provider, FTL puts forward a fundamental concept of trust for its clients and various stakeholders. In that sense, we have established a series of offices in strategic locations so as to position Mauritius as a hub between Europe, Asia and Africa.

Our position in these strategic locations enables FTL to bring the necessary expertise for all local legal frameworks. We dismantle all complex procedures into simple steps allowing you to have a full understanding of the whole task at hand.

Our main office is situated in Mauritius and our regional offices are situated in Madagascar and South Africa.
