CUSTOMS BROKERAGE

We offer 24/7 customs clearance services for all transportation modes, Highway (trucks), rail, air and ocean. Our services include Pre-Arrival Processing (PARS), electronic release (ACROSS), and electronic data interchange (EDI). Our primary objective is to have accurate product information at the time of customs declarations to ascertain efficacy and compliance in line with the Canada Border Service Agency (CBSA) policies and law and other government departments (OGD).

TRANSPORTATION – FTL/LTL

FTL (Full truck load)
LTL (less than truck load)

Wings Logistics offers Full Truckload (FTL) and Less Than Truckload (LTL) of freight across Canada and cross-border to and from mainland USA. We boost efficiency via Transport Management System and collaborate (partner) with quality compliant carriers to ensure your consignment is handled correct; complying to your needs with the best transportation solution.

OCEAN FREIGHT

(Full container load)
(less than container load)

Wings Logistics provides global ocean freight services at all major sea ports. We have access to a wide network of qualified and approved ocean freight forwarders around the world. We offer services for Full Container Load (FCL), Less than Container Load (LCL), Reefer, flat rack and open top containers.

AIR FREIGHT

Whether you are shipping cargo from one side of the country to the other, across a border or around the world, Wings Logistics can tailor an air freight solution that meets your needs. We ensure that our client's goods reach their destination safely, securely and on time. Our network stretches around the world, which makes us the best choice for your cargo needs. If you want airport-to-airport, door-to-door or any combination, we will make the arrangements.
