Our Mission

Our mission is to deliver innovative, high quality services to customers within shipping and transport with a key focus on risk management and cost procurement.

Our Vision

To become the preferred supply chain company in terms of specialized solutions that embrace innovation and latest ideas in the logistics industry.

OUR VALUES

Respect: We respect other people, communicating clearly and acting with integrity.

Client focus: We are focused on our clients, through efficient, responsive and innovative services and solutions.

Decisiveness: We make decisions, based on our best analysis of the situation, input from others and a willingness to take action.

Positive attitude: We have a positive attitude, with pride in the accomplishments of our company, our team and ourselves. We are excited about the future.

Financial responsibility: We are financially responsible, spending wisely, supporting business objectives and continually striving to add value.

Balance: We strive for balance in our competing daily work demands and in our personal and work lives.

ABOUT US

Get to know us better

FnC Alliance is Freight Forwarder in United Arab Emirates which is involved in fully integrated international supply chain management activities including Air, Sea & Land Freight Forwarding and a wide range of logistics services. FnC Alliance is owned and managed by professional, experienced team who aims to provide outstanding quality that continues to secure a loyal customer base.

The main goal is to create a modern provider of complete non-vessel operated cargo solutions for shippers and consignees located in the other continents.

Our large global partner network which spans across more than 1000 locations allows us to help a multitude of businesses streamline their global supply chain operations.

FnC alliance can help create the visibility you require for your shipments and help you reach a wide global audience.

Our team has extensive and specific experience in providing solutions to the customers covering all various supply chain activities.

At FnC Alliance, we pride ourselves on our capacity to give customers, both substantial and little, with an arrangement of administrations intended to deal with their complex and regularly changing supply chains.

WHY US

FnC Alliance has been providing world class logistics services by catering to all customers who need a local service partner with global reach. FnC Alliance provides a more personalized level of customer service and has a staff base who understands the requirements of the fast-growing market in the region.

Take advantage of the largest and most powerful network of independent freight forwarders. Get access to the best specialist for your shipments to any country, in any type of industry.

With our diverse partners and clients, We provide storage, ocean freight, air transport and land transport services, in charge of end-to-end related needs. Because your products are at the heart of our expertise and several professions, a dedicated expert defines with you an adapted logistics and transport solution, guides you and assists you in every step and for each problem.

Ocean Freight

Our core business offering is Ocean freight forwarding to service the large loads of cargo required by International businesses. Our widespread Agency network ensures that we are on hand to deliver customer satisfaction. Ocean Freight Services offered Full container loads (FCL), Less than container loads (LCL), Break Bulk, Projects & Vessel Chartering.

Our team, endowed with great experience in maritime transport, will study and manage your ocean operations, to provide you with the most reliable solutions tailored to your needs, both in import, export and triangular operations.
