

Kingdom Logistics is a renowned and super-fast logistic service company located in Saudi Arabia. We are known for delivering logistic services like Import/Export/DG shipments/Temperature control reefer containers with cargo insurance/custom clearance. We provide the latest trends in total transportation from the smallest to major cargo, backed by a worldwide network of active associates with more than decades of experience.

As a pioneer of Clearing and Forwarding group in the region, Kingdom Logistics maintains extensive warehousing and storage facilities located at strategic locations. Established links with major International Freight Forwarders and Airlines also enable us to extend “Door to Door” services with great assurance that your cargo reaches the destination as safe as it was picked up at very a competitive cost. Our company is backed with professionally trained staffs to ensure the quality of shipment remains a priority, and to advise and assist you at any point of your shipment process.

Our Services include:
